HAVE A NEW WITNESS WILL ATTACK MOROS

The Bartholin and Mitchell Murder Being Solved by Police.

TESTIMONY OF ALLEN

He Repeats What He Alleged Counselman Told Him and the Officers Are of the Opinion the Witness Is a Valuable One.

Chicago, Aug. 18.—Developments in the Bartholin-Mitchell murder mystery have led the police to believe they are nearer a solution of the problem that has been puzzling them for over a week than ever before. Edward Counselman, the intimate friend of William J. Bartholin, who was held for the possible knowledge he has of the crime, was taken before Justice Quintry and held for ten days in bonds of \$5000, charged with being an accessory after the fact in the murders of Minnie Mitchell and Mrs. Anne Bartholin.

Counselman admits he met Bartholin after the murders and that Bartholin said he was in trouble over Minnie Mitchell. The most damaging testimony as to Counselman's possible guilty knowledge of the murder of the two women came from a new witness, when the police found W. M. Allen, a fellow workman of Counselman. Allen said Counselman had told him repeatedly he knew a great deal about the trouble Bartholin was in. When Allen suggested to Counselman to tell the police what he knew, the latter said he would do no such thing, that Bartholin was his friend and he was too shrewd for the police. Allen said that Counselman even expressed the opinion that Bartholin had easily had time to reach the seaboard.

The postponed inquest over the body of Minnie Mitchell has been resumed. It is probable a verdict will be returned in a day or so.

WRECK ON ROCK ISLAND

A Washout Ditches the El Paso Limited and Many Reported Hurt.

Muscataine, Ia., Aug. 18.—The El Paso limited on the Rock Island road was wrecked by a washout early this morning and five coaches and engine were thrown into the ditch a mile west of Letts. The train carried a heavy passenger list, and there were many narrow escapes from death. Many are reported injured, some, it is thought, fatally.

The washout was caused by a cloudburst accompanied by a terrific electric storm.

Two houses in adjacent country are reported burned by lightning and it is feared other damage was done.

Andrews Given Fifteen Years.

Detroit, Mich., Aug. 18.—Judge Murphy in the recorder's court here sentenced Frank C. Andrews, who was found guilty on Saturday of misapplying and misappropriating funds of the wrecked City Savings Bank to 15 years at hard labor in Jackson prison. He had previously refused to grant Andrews' bail pending a settlement of the bill of exceptions that his attorneys will file.

Will of Senator James McMillan.

Detroit, Mich., Aug. 18.—The will of the late Senator James McMillan disposing of an estate variously estimated at from \$6,000,000 to \$10,000,000 has been filed for probate here. It contained a number of public and charitable bequests and his employees are generously remembered. The principal part of the estate is left, however, to the senator's wife and children.

The New Tariff of China.

Washington, Aug. 18.—The new tariff which was signed by T. B. Sharratt, United States commissioner for the tariff revision in China, and by the representatives of six other nations, change the present ad valorem tariff of China to specific rates. This is in accordance with the protocol. The specific rate agreed upon is based upon the average value of products imported into China during the past 20 years.

Cholera Raging in Manchuria.

St. Petersburg, Aug. 18.—Cholera continues to spread in Manchuria and isolated cases are reported in Siberia outside of Blagovetchensk, where it has a firm hold. Up to last reports there had been 274 cases and 179 deaths in Blagovetchensk, 445 cases and 285 deaths at Port Arthur and 33 cases and 20 deaths at Dalny.

Boer Generals Gone to Brussels.

London, Aug. 18.—Generals Botha, DeWet and Delarey have started for Brussels.

Captain O'Donnell, who served on DeWet's staff throughout the war, will start immediately for America to prepare the way for the visitors. He says that altogether about 500 Americans and 500 Irishmen were with the Boer forces.

Situation in Mindanao Is Regarded as Critical.

BITTER OPPOSITION.

The Natives Have No Use for Americans and Never Fail to Take Advantage of an Opening. Cholera in the Islands..

Manila, Aug. 18.—The Moro situation in Mindanao is considered critical. It is believed that American troops will soon move against Bacolod, where the recent murder of two men of the Twenty-seventh infantry was plotted. A small party of Moros surprised an outpost of the Twenty-seventh at Camp Vickars, Mindanao, Aug. 12, and succeeded in killing two and wounding one American before they escaped. They were from Bacolod which has a strong fort and other defenses. Bitter opposition to the Americans exists at Bacolod and Captain John J. Pershing, of the Fifteenth cavalry commanding the American forces at Lake Nao has recommended the reduction of the forts.

General Chaffee, who left Manila Aug. 12 on a final tour of the Southern Islands, reached Zamboanga last Friday. At a conference with the local commander General Chaffee argued that unless the American forces moved decisively against the hostiles they would lose the support of the friendly Moros.

Filipino Crew Mutinied.

Manila, Aug. 18.—The native crew of the interinsular steamer Hermanos mutinied at Port Virac last Thursday. They murdered the chief engineer of the vessel and wounded the captain, the mate, the second officer and one of the passengers, all of whom were Spaniards. Members of the native constabulary went to the rescue of the ship's officers. They fire into the crew and killed three of them. Twenty-five of the crew surrendered and five jumped overboard and are believed to have drowned. During the fighting on the Hermanos the steamer ran aground, but was subsequently floated again.

Cholera in Philippines.

Manila, Aug. 18.—Cholera reports show few cases of the disease here, but a large number in some provinces. The total number of cases reported to date is 23,636, with 17,596 deaths. Estimating the cases which have not been reported to the authorities, the total number is believed to have reached 30,000.

Want Priest Sent to America.

Manila, Aug. 18.—Father McKinnon who first came to the Philippines as chaplain of the First California regiment and who is now pastor of the Catholic church in Ermita, Manila, suggests when the Philippines hierarchy is recognized that 400 of the younger native priests be sent to the United States for a year's training in Catholic seminaries. Father McKinnon believes such training would impart to them the spirit of American priesthood and a beneficial knowledge of Americans and their language. He proposes to ask American bishops to assist this project financially.

Well Known Priest Dead.

Monterey, Mex., Aug. 18.—Father John Troncy, pastor of San Jose church and chaplain of the St. Vincent de Paul hospital, died of influenza Sunday. The dead priest had been known by almost as many Americans, French, German and English as by Mexicans. Father Troncy was born in Lyons, France, about 68 years ago. He was sent to the United States as a missionary from France, and for many years was stationed in San Antonio and other Texas towns. Seventeen years ago he came to Mexico and most of the time since then he has been the pastor of the church at Bustamante. He was given the pastorate of the Monterey church about a year ago.

Severe Storm in Georgia.

Savannah, Ga., Aug. 18.—A severe electrical storm with high wind passed over southern Georgia Saturday night.

At Stillmore the roundhouse of the Air Line railroad was blown down and one man was killed.

At Bartow the Baptist church and the academy building were struck by lightning and narrowly escaped destruction.

At Swainsboro a building was struck by lightning and burned. In all the section the opening cotton was whipped from the bolls and ruined. The loss from this source was considerable.

Big Price for Steers.

Henrietta, Tex., Aug. 18.—R. Carrow & Co. sold 1000 head of 3 and 4-year-old steers to Kiser & Sutherland of Marlin; price \$44 per head. They will be shipped to Marlin, where they will be fed. This is said to be the highest price ever paid for feeders in this section of the country. It was the best

HOGS AND HOG FEED.

A Revolution in Farming Must Come
—More Money in Hogs than Cotton—New Hog Feeds.

The establishment of the great packeries at Fort Worth by Armour & Co. and Swift & Co. is a fact that carries a great deal of encouragement to every progressive-minded farmer in Texas. The boll weevil threatens the cotton business in Brazos and adjoining counties with complete destruction and many a farmer is looking anxiously for something to take the place of cotton. Hog raising is the safest, surest and most profitable thing to claim such a man's attention under such circumstances. What to produce for hog feed is the difficulty. This is the very thing we wish to write about in this article.

Dwarf Essex rape is a fine hog and stock feed that has been tried by many in this climate and south of here, that yields an abundance of feed. Five pounds of seed will plant an acre, and they may be purchased in Bryan at ten cents per pound—just about cost and carriage.

The Golden Tankard beet is another hog feed of great value. Mr. T. H. Purcell says he planted three-quarters of an acre this year and from that amount of ground has been feeding his hogs on them for a month, a two-horse wagon load lasting them two days. He says after feeding about fifteen wagon loads he will have eighteen loads more to gather and store for feed. This sounds pretty big, but is doubtless just about the facts. Mr. Purcell will plant double the amount the coming season. Six or seven pounds of seed will plant an acre of this, and it can be bought right here in Bryan, in plenty time for spring planting, the seed costing here 25c per pound. Mr. Purcell paid 75c per pound

for his seed, having ordered them from a dealer.

The rape seed, referred to above, should be planted this fall, as soon as a good season comes. It will make a fine winter feed.

Farmers, plant these improved crops and get some pigs. There is money in it and an incomparably more pleasure than cotton raising.

Yesterday's Houston Post had a number of articles on the subject of leveeing the Brazos. One of them, an interview of Prof. H. H. Harrington, has some valuable thoughts on the subject, carefully stated, and based on the character of the stream and its bed. Prof. Harrington advocates straightening the stream in many places, and leveeing the new bed. He also notes the fact that there are rock shoals crossing the channel at various places, leaving the river in the nature of a chain of deep pools. He favors cutting the channel deeper across these shoals, allowing the river to scour out a deeper bed. Professor Harrington's interview should be studied by those moving in this matter, because his ideas are the most practical and sensible we have noticed on the subject.

MAY BE A RUPTURE.

Turkey Given to Understand She Must Respect Former Agreements.

Constantinople, Aug. 18.—Non-execution by the Turkish government of the agreements reached long ago on several questions affecting the interests of American citizens has led to somewhat strained relations between the United States legation and the porte. United States Minister John S. A. Leischmann, has informed the latter he will not discuss other matters until the terms of settlement already agreed on are carried out. Diplomatic circles anticipate further undue delay and that this may possibly lead to a sharp reminder from the United States.

COVERED WITH JEWELS.

Shah of Persia Ablaze With Diamonds of Immense Value at London.

London, Aug. 18.—The shah of Persia and suite has reached London and taken up residence at the Marlborough house as guests of King Edward. When the shah left the train at Victoria station he was resplendent in a blaze of

THE SHAH OF PERSIA.

diamonds. On his cap a huge diamond stood out like a headlight; his epaulettes were adorned with large emeralds and his breast was covered with jewels of all kinds. The gems worn by members of the shah's suite were only a little less rich than those of his majesty.

Marred by Rain.

London, Aug. 18.—The maneuvers in the Solent were marred by the weather. Torrents of rain and half a gale of wind drove the spectators from the sea front, and it was noon instead of 10 o'clock when the royal yacht Victoria and Albert left Cowes and took King Edward through the lines of the fleet. Subsequently an array of battleships and cruisers to the number of nearly eighty formed in two columns and passed on either side of the royal yacht.

Boy Killed While Fishing.

New York, Aug. 18.—While fishing in the Hudson river, Gustav Grunwald Jr., 13 years of age, was killed in a remarkable manner. He was with his father and brother, when a fisherman standing near them made a sweeping cast with a long line to which was attached a heavy lead sinker. The sinker struck young Grunwald just behind the left ear and knocked him off the string pierce on which he was seated. He was dead when picked up, having been killed instantly. The angler disappeared before he could be arrested.

Quiet in Wyoming District.

Wilkesbarre, Aug. 18.—Sheriff Jacobs reports everything quiet among the striking miners of the Wyoming region. No attempt was made to start the work at the Warnke washery at Duryea, and, although preparations are said to be going on for the resumption at Matby of the colliery of the Lehigh Valley Coal company, work was not commenced.

Steamer Saved by a Cruiser.

St. Johns, N. F., Aug. 18.—The British first class cruiser Aroanne, flagship of Vice Admiral Douglass, saved a large ocean steamer supposed to be the Montreal, filled with passengers, from going ashore off Cape Race during a dense fog Sunday. The steamer was heading direct for the coast when the warship signalled her danger.

Knights Leaving San Francisco.

San Francisco, Aug. 18.—The stay of the Knights of Pythias in this city is drawing to a close. Many of the visitors have already left for their homes and others are preparing to depart before the final business of the conclave is completed.

Final session of the supreme temple of Rathbone Sisters has been held.

Jewish Population of New York.

New York, Aug. 18.—According to statistics, based on the number of Jewish burials recorded by the board of health and compiled by the Jewish World, the Hebrew population of New York city is estimated at 584,788. In Manhattan alone every fourth man or woman is a Jew or Jewess.

Refused to Call State Troops.

North Platte, Neb., Aug. 18.—Governor Savage has announced that he did not think it necessary to call out the state militia to guard the Union Pacific property at this point. He said he will not do so until requested by the mayor and sheriff.

Attacked by Friends of Desperado.

Maricopa, Ariz., Aug. 18.—Leonardo Torres and Captain Gomez of Cananea, Mex., special police, were fatally stabbed by friends of a desperado whom they had arrested and was attempting to convey to prison. The murderers made their escape.

Serious Collision in Iowa.

Humboldt, Ia., Aug. 18.—One man was killed and another injured in a rear end collision between two east-bound special stock trains on the Chicago and Northwestern, three miles east of here Sunday.

TWO BAD WRECKS.

In Street Car Collision at St. Louis Two Persons Were Killed.

St. Louis, Mo., Aug. 18.—Two persons were killed and eight others injured, one probably fatally, in two street car accidents here Sunday night. Charles Bronson, a grading foreman, was run down and killed as he was crossing the Olive street car track in the West End. A wagon containing a picnic party of 18 young persons was struck by a Page avenue car and overturned.

Harry King, aged 18, was killed. Katie Brown, aged 16, was probably fatally injured.

Patrick Brown, aged 16, was seriously hurt.

The others received minor injuries.

Excursion Train Wrecked.

Chicago, Ill., Aug. 18.—One man was killed outright and another was probably fatally injured in a railroad wreck at Hammond, Ind., early Sunday. A Chicago and Erie freight train standing on the tracks of the Chicago and Western Indiana railroad was crashed into by special train of the Chicago, Indianapolis and Louisville railroad bearing 600 excursionists from Cincinnati. The excursion train was running at a speed of forty miles an hour when it smashed into the caboose of the freight train.

Struck by a Train.

South Bend, Aug. 18.—While Mrs. Barney Tenenbaum and three children were driving in this city Sunday the carriage which they occupied was struck by a Grand Trunk passenger train, instantly killing one of the children and fatally injuring the other three occupants. The horse became unmanageable and backed in front of the approaching train.

SCHWAB WILL RETIRE.

His Health Is Seriously Impaired, but the Ailment Kept Secret.
Loretto, Pa., Aug. 18.—President C. M. Schwab of the United States Steel Corporation, has accepted the advice of his physicians and decided to retire indefinitely from active business life. He will leave America to seek some quiet nook in a foreign clime where not an echo of the strenuous life he has led can reach him.

Dr. Golden never leaves the Schwab home, and the exact nature of the patient's illness cannot be learned through him. Mr. Schwab is not confined to his bed, but spends much of his time on a wide veranda, which affords fresh air and a sweeping view of the mountain slopes. He is always with his wife or parents.

The strange part of Schwab's illness is that he is always within view of those who call at his home, yet he will not allow any person to approach him. Heretofore visitors to Schwab's home were greeted with hearty welcome and a vigorous hand shake. Now the visitor is met at the entrance and told Mr. Schwab cannot be seen. Intimates of the family receive the same message, and none have been able to converse with him since he came back home.

Schwab's Retirement Accepted.

New York, Aug. 18.—The retirement of Charles M. Schwab from the presidency of the United States Steel Corporation is now commonly accepted as determined upon notwithstanding the recent official denials and the present reluctance in official quarters to confirm the report. President Schwab's impaired health is the reason for this action. It is reported the presidency would pass to James Garey, first vice-president of the corporation. Other rumors have pointed to H. C. Frick.

WANT TO ENLIST.

British Soldiers Want to Go to Philippines to Fight.

London, Aug. 18.—Time expired South African soldiers are victims of a curious delusion which is causing officials of the United States embassy considerable annoyance. Former British soldiers who have served against the Boers have been applying in numbers at the embassy for enlistment in the army in the Philippines. They all tell the same story, saying a report was in circulation at Cape Town and Durban that the United States was enlisting former British soldiers for service in those islands. At the London embassy scores of applicants already have been turned away greatly disappointed.

FOUGHT TWO BEARS.

An Old Guide Saved Himself by the Advice of Roosevelt.

Rifle, Colo., Aug. 18.—W. T. Tribble is the hero of a desperate hand-to-hand encounter with two bears, and that he escaped with his life was due in part to the visit of President Roosevelt to this part of the country two years ago. Mr. Roosevelt showed the old guide just how to give the coup de grace to a bear with a knife. Tribble, while in the mountains, was surprised by a grizzly, and succeeded in dispatching him a la Roosevelt. When confronted by another, a desperate fight occurred, and the man escaped with wounds, but managed to crawl to his horse and ride to camp, where he lost consciousness.

Nothing New in the Robbery.

Owensboro, Aug. 18.—Several officials of the Adams Express company who arrived Sunday morning from St. Louis have gone to Fordville to investigate the robbery reported from there. Nothing has developed to indicate the whereabouts of the \$25,000 which Mr. Boatner claims to have shipped from Deanfield, and which it is alleged was taken from the agent at Fordville after its arrival there. A lineman of the Postal Telegraph company, sent out to locate an interruption of the circuit, reports that he found the wires cut under the table at Deanfield.

Escaped Convicts Caught.

Rusk, Tex., Aug. 18.—On Friday two convicts overpowered the guard, disarmed him and escaped over the walls of the prison. The penitentiary bloodhounds were on the track very soon after the escape and after a hot chase of over 20 miles captured both the convicts and returned them to the prison. The guard killed one horse from overheat and the convicts killed two of the pursuing dogs.

Wreck on the Frisco.

Beggs, I. T., Aug. 18.—One of the most disastrous freight wrecks the Frisco has had for some time occurred at the south end of the yards at this place, Sunday. W. R. Cornell of Sapula, head brakeman, had his foot broken and sustained other slight bruises and escaped being killed. It seems, as by a miracle. Sixteen cars and the engine were derailed presumably by the engine spreading the rails.

Writer on Science Dead.

Cheshire, Mass., Aug. 18.—George M. Hopkins, 60 years old, of New York City, died here Sunday. Mr. Hopkins was a member of the staff of the Scientific American and was well known as a writer on scientific subjects.

Run Over by Switch Engine.

Houston, Aug. 18.—I. M. Steen was run over Sunday by a switch engine on the Texas and New Orleans road, sustaining injuries from the effects of which he expired at the Houston Infirmary. Steen was about 50 years of age.

Two Boys Drowned.

Galveston, Tex., Aug. 18.—Walter Cone, aged 9 years, and Carl Rowland, aged 7 years, were drowned while bathing in a bayou near the city.

THE GRAVE EMPTY.

No Body Found When Supposed Corpse of Morris Was Exhumed.

Guthrie, O. T., Aug. 18.—A grave near Orlando, a town a short distance from Guthrie in which G. S. Morris, a Madison, Kas., man, who was reported last week to have been killed, was opened Sunday in the presence of 500 persons and found to be empty. Friends of Morris who believed that he had been murdered had requested the authorities to exhume the body. Telegrams of inquiry have been received from Morris' wife and from insurance orders in Madison of which he was a member.

Morris appeared a week ago in this section in company with a man who gave his name as Cox and who represented himself as a loan agent. On Monday Cox reported that Morris had been killed in a runaway accident. The man purchased a lot in a country cemetery near Orlando and bought a coffin, which he was buried with the assistance of a colored man.

OUTLAWS STRUNG UP.

They Were Hanged by a Mob to Bring About a Confession.

Cordell, O. T., Aug. 18.—A mob of several hundred men took Levi Reed and Bud Wingo, outlaws captured recently in a raid on the Casey-Cravens gang, from the county jail here late Saturday night and strung them up to trees to force them to reveal the whereabouts of their leaders and to give information regarding their crimes. The outlaws finally gave the desired information and the mob returned them to jail disappearing apparently to run down the gang.

Reed was so badly strangled that he was revived with difficulty. The Casey-Cravens gang is one of the worst that infests this country. Recently they have committed many outrages in southern Oklahoma.

Husband and Wife Murdered.

Muscogee, Ia., Aug. 18.—The decomposed body of Mrs. Jesse Tuman was found Sunday night 100 yards away from her home near here, and her husband unconscious and with mortal wounds was found on the floor of the house, which showed signs of a desperate struggle. The couple are known to have had considerable money. The money cannot be found and a man who for two weeks made his home with the Tumans has disappeared. The missing man is said to have come from Texas. The police are looking for him.

Murdered and Cremated.

Knoxville, Aug. 18.—Watkin Newman, aged 24, was murdered, robbed and nearly cremated in his home, six miles from Jefferson City, Tenn. Watkin Newman and a brother, Isham, lived together and were well-to-do farmers. Saturday night Isham went to Talbot's station, arriving home at 11:30 o'clock. He found the house in flames and his brother Watkin lying on a bed dead. He could not rescue the body on account of the fierce fire. The man was supposed murdered and the house set on fire.

Series of Crimes in Illinois.

Murphysboro, Ill., Aug. 18.—Six persons have met violent death in Jackson county in the last week. The latest outbreak of violence was in the shooting Sunday of William Smith and his son Jacob, near Raddleville. The father was killed but his son will recover. Negroes committed the crime, which was the outcome of a game of "craps" at a negro picnic. The scene of the tragedy is two miles from where Levee Commissioner Riley was murdered in his bed last Thursday.

Electrical Storms in Iowa.

Keokuk, Ia., Aug. 18.—Another series of severe electrical and wind storms passed over southeastern Iowa doing much damage. In the last five weeks the number of barns struck by lightning near here in Illinois is over a hundred and more than that number were struck in southeastern Iowa. Northeastern Missouri has suffered the same way.

Mexican Killed by a Meteor.

San Antonio, Aug. 18.—News has reached the city that Roman Cruz, a Mexican sheep herder, was killed in Edwards county by a fragment of a meteor which struck a boulder on which he was seated and was shattered by the impact. A piece of the meteor struck him on the temple, causing instant death. Fragments of the meteor were found near the body.

Died of His Wounds.

Chicago, Aug. 18.—Frank Kroll, suspected of having been implicated in the murder of Policeman Divine and Pennell, died Sunday at St. Mary's hospital. His death resulted from lockjaw, which developed from a bullet wound in the leg. Kroll persisted in denying any knowledge of the murder of the two policemen.

Boer Generals See the King.

London, Aug. 18.—The Boer generals, Botha, DeWet and Delarey, who reached here Saturday from South Africa, left London at 9:30 Sunday morning for Cowes, Isle of Wight, to see King Edward on board the royal yacht Victoria and Albert. They were given a grand reception by the king and army and navy officials.

Held for Ed Smith's Murder.

Angleton, Tex., Aug. 18.—The nine negroes arrested on suspicion of being implicated in the murder of E. C. Smith have been given examining trials before Justice J. H. Snow and three of them have been turned loose. The other six were remanded to jail to await the cation of the grand jury.

Safe Blowers at Anderson.

Navasota, Tex., Aug. 18.—Anderson was visited by burglars Saturday night and a large safe in the store of Kenard & Brown was blown open. Fifty dollars in cash and two Winchester rifles were secured by the burglars.

HAVE A NEW WITNESS WILL ATTACK MOROS

The Bartholin and Mitchell Murder Being Solved by Police.

TESTIMONY OF ALLEN

He Repeats What He Alleged Counselman Told Him and the Officers Are of the Opinion the Witness Is a Valuable One.

Chicago, Aug. 18.—Developments in the Bartholin-Mitchell murder mystery have led the police to believe they are nearer a solution of the problem that has been puzzling them for over a week than ever before. Edward Counselman, the intimate friend of William J. Bartholin, who was held for the possible knowledge he has of the crime, was taken before Justice Quinlan and held for ten days in bonds of \$5000, charged with being an accessory after the fact in the murders of Minnie Mitchell and Mrs. Anne Bartholin.

Counselman admits he met Bartholin after the murders and that Bartholin said he was in trouble over Minnie Mitchell.

The most damaging testimony as to Counselman's possible guilty knowledge of the murder of the two women came from a new witness, when the police found W. M. Allen, a fellow workman of Counselman. Allen said Counselman had told him repeatedly he knew a great deal about the trouble Bartholin was in. When Allen suggested to Counselman to tell the police what he knew, the latter said he would do no such thing, that Bartholin was his friend and he was too shrewd for the police. Allen said that Counselman even expressed the opinion that Bartholin had easily had time to reach the seaboard.

The postponed inquest over the body of Minnie Mitchell has been resumed. It is probable a verdict will be returned in a day or so.

WRECK ON ROCK ISLAND

A Washout Ditches the El Paso Limited and Many Reported Hurt.

Muscataine, Ia., Aug. 18.—The El Paso Limited on the Rock Island road was wrecked by a washout early this morning and five coaches and engine were thrown into the ditch a mile west of Letts. The train carried a heavy passenger list, and there were many narrow escapes from death. Many are reported injured, some, it is thought, fatally.

The washout was caused by a cloudburst accompanied by a terrific electric storm.

Two houses in adjacent country are reported burned by lightning and it is feared other damage was done.

Andrews Given Fifteen Years.

Detroit, Mich., Aug. 18.—Judge Murphy in the recorder's court here sentenced Frank C. Andrews, who was found guilty on Saturday of misapplying and misappropriating funds of the wrecked City Savings Bank to 15 years at hard labor in Jackson prison. He had previously refused to grant Andrews' bail pending a settlement of the bill of exceptions that his attorneys will file.

Will of Senator James McMillan.

Detroit, Mich., Aug. 18.—The will of the late Senator James McMillan disposing of an estate variously estimated at from \$5,000,000 to \$10,000,000 has been filed for probate here. It contained a number of public and charitable bequests and his employees are generously remembered. The principal part of the estate is left, however, to the senator's wife and children.

The New Tariff of China.

Washington, Aug. 18.—The new tariff which was signed by T. B. Sharretts, United States commissioner for the tariff revision in China, and by the representatives of six other nations, change the present ad valorem tariff of China to specific rates. This is in accordance with the protocol. The specific rate agreed upon is based upon the average value of products imported into China during the past 20 years.

Cholera Raging in Manchuria.

St. Petersburg, Aug. 18.—Cholera continues to spread in Manchuria and isolated cases are reported in Siberia outside of Blagovetchensk, where it has a firm hold. Up to last reports there had been 274 cases and 179 deaths in Blagovetchensk, 445 cases and 283 deaths at Port Arthur and 33 cases and 20 deaths at Dalny.

Boer Generals Gone to Brussels.

London, Aug. 18.—Generals Botha, DeWet and Delarey have started for Brussels.

Captain O'Donnell, who served on DeWet's staff throughout the war, will start immediately for America to prepare the way for the visitors. He says that altogether about 500 Americans and 500 Irishmen were with the Boer forces.

Situation in Mindanao Is Regarded as Critical.

BITTER OPPOSITION.

The Natives Have No Use for Americans and Never Fail to Take Advantage of an Opening. Cholera in the Islands.

Manila, Aug. 18.—The Moro situation in Mindanao is considered critical. It is believed that American troops will soon move against Bacolod, where the recent murder of two men of the Twenty-seventh infantry was plotted. A small party of Moros surprised an outpost of the Twenty-seventh at Camp Vickars, Mindanao, Aug. 12, and succeeded in killing two and wounding one American before they escaped. They were from Bacolod which has a strong fort and other defenses. Bitter opposition to the Americans exists at Bacolod and Captain John J. Pershing, of the Fifteenth cavalry commanding the American forces at Lake Nao has recommended the reduction of the forts.

General Chaffee, who left Manila Aug. 12 on a final tour of the Southern islands, reached Zamboanga last Friday. At a conference with the local commander General Chaffee argued that unless the American forces moved decisively against the hostiles they would lose the support of the friendly Moros.

Philippine Crew Mutinied.

Manila, Aug. 18.—The native crew of the interinsular steamer Hermanos mutinied at Port Virac last Thursday. They murdered the chief engineer of the vessel and wounded the captain, the mate, the second officer and one of the passengers, all of whom were Spaniards. Members of the native constabulary went to the rescue of the ship's officers. They fire into the crew and killed three of them. Twenty-five of the crew surrendered and five jumped overboard and are believed to have drowned. During the fighting on the Hermanos the steamer ran aground, but was subsequently floated again.

Cholera in Philippines.

Manila, Aug. 18.—Cholera reports show few cases of the disease here, but a large number in some provinces. The total number of cases reported to date is 23,636, with 17,596 deaths. Estimating the cases which have not been reported to the authorities, the total number is believed to have reached 30,000.

Want Priest Sent to America.

Manila, Aug. 18.—Father McKinnon who first came to the Philippines as chaplain of the First California regiment and who is now pastor of the Catholic church in Ermita, Manila, suggests when the Philippines hierarchy is recognized that 400 of the younger native priests be sent to the United States for a year's training in Catholic seminaries. Father McKinnon believes such training would impart to them the spirit of American priesthood and a beneficial knowledge of Americans and their language. He proposes to ask American bishops to assist this project financially.

Well Known Priest Dead.

Monterey, Mex., Aug. 18.—Father John Troncy, pastor of San Jose church and chaplain of the St. Vincent de Paul hospital, died of influenza Sunday. The dead priest had been known by almost as many Americans, French, German and English as by Mexicans. Father Troncy was born in Lyons, France, about 63 years ago. He was sent to the United States as a missionary from France, and for many years was stationed in San Antonio and other Texas towns. Seventeen years ago he came to Mexico and most of the time since then he has been the pastor of the church at Bustamante. He was given the pastorate of the Monterey church about a year ago.

Severe Storm in Georgia.

Savannah, Ga., Aug. 18.—A severe electrical storm with high wind passed over southern Georgia Saturday night.

At Stillmore the roundhouse of the Air Line railroad was blown down and one man was killed.

At Bartow the Baptist church and the academy building were struck by lightning and narrowly escaped destruction.

At Swainsboro a building was struck by lightning and burned.

In all the section the opening cotton was whipped from the bolls and ruined. The loss from this source was considerable.

Big Price for Steers.

Henrietta, Tex., Aug. 18.—R. Carrow & Co. sold 1000 head of 3 and 4-year-old steers to Kiser & Sutherland of Marlin; price \$44 per head. They will be shipped to Marlin, where they will be fed. This is said to be the highest price ever paid for feeders in this section of the country. It was the best

HOGS AND HOG FEED.

A Revolution in Farming Must Come
—More Money in Hogs Than
Cotton—New Hog Feeds.

The establishment of the great packeries at Fort Worth by Armour & Co. and Swift & Co. is a fact that carries a great deal of encouragement to every progressive-minded farmer in Texas. The boll weevil threatens the cotton business in Brazos and adjoining counties with complete destruction and many a farmer is looking anxiously for something to take the place of cotton. Hog raising is the safest, surest and most profitable thing to claim such a man's attention under such circumstances. What to produce for hog feed is the difficulty. This is the very thing we wish to write about in this article.

Dwarf Essex rape is a fine hog and stock feed that has been tried by many in this climate and south of here, that yields an abundance of feed. Five pounds of seed will plant an acre, and they may be purchased in Bryan at ten cents per pound—just about cost and carriage.

The Golden Tankard beet is another hog feed of great value. Mr. T. H. Purcell says he planted three-quarters of an acre this year and from that amount of ground has been feeding his hogs on them for a month, a two-horse wagon load lasting them two days. He says after feeding about fifteen wagon loads he will have eighteen loads more to gather and store for feed. This sounds pretty big, but is doubtless just about the facts. Mr. Purcell will plant double the amount the coming season. Six or seven pounds of seed will plant an acre of this, and it can be bought right here in Bryan, in plenty time for spring planting; the seed costing here 25c per pound. Mr. Purcell paid 75c per pound

for his seed, having ordered them from a dealer.

The rape seed, referred to above, should be planted this fall, as soon as a good season comes. It will make a fine winter feed.

Farmers, plant these improved crops and get some pigs. There is money in it and an incomparably more pleasure than cotton raising.

Yesterday's Houston Post had a number of articles on the subject of leveeing the Brazos. One of them, an interview of Prof. H. H. Harrington, has some valuable thoughts on the subject, carefully stated, and based on the character of the stream and its bed. Prof. Harrington advocates straightening the stream in many places, and leveeing the new bed. He also notes the fact that there are rock shoals crossing the channel at various places, leaving the river in the nature of a chain of deep pools. He favors cutting the channel deeper across these shoals, allowing the river to scour out a deeper bed. Professor Harrington's interview should be studied by those moving in this matter, because his ideas are the most practical and sensible we have noticed on the subject.

MAY BE A RUPTURE.

Turkey Given to Understand She Must Respect Former Agreements.

Constantinople, Aug. 18.—Non-execution by the Turkish government of the agreements reached long ago on several questions affecting the interests of American citizens has led to somewhat strained relations between the United States legation and the porte. United States Minister John S. A. Leischmann, has informed the latter he will not discuss other matters until the terms of settlement already agreed on are carried out. Diplomatic circles anticipate further undue delay and that this may possibly lead to a sharp reminder from the United States.

COVERED WITH JEWELS.

Shah of Persia Ablaze With Diamonds of Immense Value at London.

London, Aug. 18.—The shah of Persia and suite has reached London and taken up residence at the Marlborough house as guests of King Edward. When the shah left the train at Victoria station he was resplendent in a blaze of

THE SHAH OF PERSIA.

diamonds. On his cap a huge diamond stood out like a headlight; his epaulettes were adorned with large emeralds and his breast was covered with jewels of all kinds. The gems worn by members of the shah's suite were only a little less rich than those of his majesty.

Marred by Rain.

London, Aug. 18.—The maneuvers in the Solent were marred by the weather. Torrents of rain and half a gale of wind drove the spectators from the sea front, and it was noon instead of 10 o'clock when the royal yacht Victoria and Albert left Cowes and took King Edward through the lines of the fleet. Subsequently an array of battleships and cruisers in two columns and passed on either side of the royal yacht.

Boy Killed While Fishing.

New York, Aug. 18.—While fishing in the Hudson river, Gustav Grunwald Jr., 13 years of age, was killed in a remarkable manner. He was with his father and brother, when a fisherman standing near them made a sweeping cast with a long line to which was attached a heavy lead sinker. The sinker struck young Grunwald just behind the left ear and knocked him off the string pierce on which he was seated. He was dead when picked up, having been killed instantly. The angler disappeared before he could be arrested.

Quiet in Wyoming District.

Wilkesbarre, Aug. 18.—Sheriff Jacobs reports everything quiet among the striking miners of the Wyoming region. No attempt was made to start the work at the Warnke washery at Duryea, and, although preparations are said to be going on for the resumption at Matby of the colliery of the Lehigh Valley Coal company, work was not commenced.

Steamer Saved by a Cruiser.

St. Johns, N. F., Aug. 18.—The British first class cruiser Aroanne, flagship of Vice Admiral Douglas, saved a large ocean steamer supposed to be the Montreal, filled with passengers, from going ashore off Cape Race during a dense fog Sunday. The steamer was heading direct for the coast when the warship signalled her danger.

Knights Leaving San Francisco.

San Francisco, Aug. 18.—The stay of the Knights of Pythias in this city is drawing to a close. Many of the visitors have already left for their homes and others are preparing to depart before the final business of the conclave is completed.

Final session of the supreme temple of Rathbone Sisters has been held.

Jewish Population of New York.

New York, Aug. 18.—According to statistics, based on the number of Jewish burials recorded by the board of health and compiled by the Jewish World, the Hebrew population of New York city is estimated at 554,788. In Manhattan alone every fourth man or woman is a Jew or Jewess.

Refused to Call State Troops.

North Platte, Neb., Aug. 18.—Governor Savage has announced that he did not think it necessary to call out the state militia to guard the Union Pacific property at this point. He said he will not do so until requested by the mayor and sheriff.

Attacked by Friends of Desperado.

Maricopa, Ariz., Aug. 18.—Leonardo Torres and Captain Gomez of Cananea, Mex., special police, were fatally stabbed by friends of a desperado whom they had arrested and was attempting to convey to prison. The murderers made their escape.

Serious Collision in Iowa.

Humboldt, Ia., Aug. 18.—One man was killed and another injured in a rear end collision between two east-bound special stock trains on the Chicago and Northwestern, three miles east of here Sunday.

SCHWAB WILL RETIRE.

His Health Is Seriously Impaired, but the Ailment Kept Secret.
Loretto, Pa., Aug. 18.—President C. M. Schwab of the United States Steel Corporation, has accepted the advice of his physicians and decided to retire indefinitely from active business life. He will leave America to seek some quiet nook in a foreign clime where not an echo of the strenuous life he has led can reach him.

Dr. Golden never leaves the Schwab home, and the exact nature of the patient's illness cannot be learned through him. Mr. Schwab is not confined to his bed, but spends much of his time on a wide veranda, which affords fresh air and a sweeping view of the mountain slopes. He is always with his wife or parents.

The strange part of Schwab's illness, is that he is always within view of those who call at his home, yet he will not allow any person to approach him. Heretofore visitors to Schwab's home were greeted with hearty welcome and a vigorous hand shake. Now the visitor is met at the entrance and told Mr. Schwab cannot be seen. Intimates of the family receive the same message, and none have been able to converse with him since he came back home.

Schwab's Retirement Accepted.
New York, Aug. 18.—The retirement of Charles M. Schwab from the presidency of the United States Steel Corporation is now commonly accepted as determined upon notwithstanding the recent official denials and the present reluctance in official quarters to confirm the report. President Schwab's impaired health is the reason for this action. It is reported the presidency would pass to James Garey, first vice-president of the corporation. Other rumors have pointed to H. C. Frick.

WANT TO ENLIST.

British Soldiers Want to Go to Philippines to Fight.

London, Aug. 18.—Time expired South African soldiers are victims of a curious delusion which is causing officials of the United States embassy considerable annoyance. Former British soldiers who have served against the Boers have been applying in numbers at the embassy for enlistment in the army in the Philippines. They all tell the same story, saying a report was in circulation at Cape Town and Durban that the United States was enlisting former British soldiers for service in those islands. At the London embassy scores of applicants already have been turned away greatly disappointed.

FOUGHT TWO BEARS.

An Old Guide Saved Himself by the Advice of Roosevelt.

Rifle, Colo., Aug. 18.—W. T. Tribble is the hero of a desperate hand-to-hand encounter with two bears, and that he escaped with his life was due in part to the visit of President Roosevelt to this part of the country two years ago. Mr. Roosevelt showed the old guide just how to give the coup de grace to a bear with a knife. Tribble, while in the mountains, was surprised by a grizzly, and succeeded in dispatching him a la Roosevelt. When confronted by another, a desperate fight occurred, and the man escaped with wounds, but managed to crawl to his horse and ride to camp, where he lost consciousness.

Nothing New in the Robbery.

Owensboro, Aug. 18.—Several officials of the Adams Express company who arrived Sunday morning from St. Louis have gone to Fordville to investigate the robbery reported from there. Nothing has developed to indicate the whereabouts of the \$28,000 which Mr. Boatner claims to have shipped from Deanfield, and which it is alleged was taken from the agent at Fordville after its arrival there. A lineman of the Postal Telegraph company, sent out to locate an interruption of the circuit, reports that he found the wires cut under the table at Deanfield.

Escaped Convicts Caught.

Rusk, Tex., Aug. 18.—On Friday two convicts overpowered the guard, disarmed him and escaped over the walls of the prison. The penitentiary bloodhounds were on the track very soon after the escape and after a hot chase of over 20 miles captured both the convicts and returned them to the prison. The guard killed one horse from overhear and the convicts killed two of the pursuing dogs.

Wreck on the Frisco.

Beggs, I. T., Aug. 18.—One of the most disastrous freight wrecks the Frisco has had for some time occurred at the south end of the yards at this place, Sunday. W. R. Cornell of Sapula, head brakeman, had his foot broken and sustained other slight bruises and escaped being killed, it seems, as by a miracle. Sixteen cars and the engine were derailed presumably by the engine spreading the rails.

Writer on Science Dead.

Cheshire, Mass., Aug. 18.—George M. Hopkins, 60 years old, of New York City, died here Sunday. Mr. Hopkins was a member of the staff of the Scientific American and was well known as a writer on scientific subjects.

Run Over by Switch Engine.

Houston, Aug. 18.—I. M. Steen was run over Sunday by a switch engine on the Texas and New Orleans road, sustaining injuries from the effects of which he expired at the Houston infirmary. Steen was about 50 years of age.

Two Boys Drowned.

Galveston, Tex., Aug. 18.—Walter Cone, aged 9 years, and Carl Rowland, aged 7 years, were drowned while in bathing in a bayou near the city.

THE GRAVE EMPTY.

No Body Found When Supposed Corpse of Morris Was Exhumed.

Guthrie, O. T., Aug. 18.—A grave near Orlando, a town a short distance from Guthrie in which G. S. Morris, a Madison, Kas., man, who was reported last week to have been killed, was opened Sunday in the presence of 500 persons and found to be empty. Friends of Morris who believed that he had been murdered had requested the authorities to exhume the body. Telegrams of inquiry have been received from Morris' wife and from insurance orders in Madison of which he was a member.

Morris appeared a week ago in this section in company with a man who gave his name as Cox and who represented himself as a loan agent. On Monday Cox reported that Morris had been killed in a runaway accident. The man purchased a lot in a country cemetery near Orlando and bought a coffin, which he was buried with the assistance of a colored man.

OUTLAWS STRUNG UP.

They Were Hanged by a Mob to Bring About a Confession.

Cordell, O. T., Aug. 18.—A mob of several hundred men took Levi Reed and Bud Wingo, outlaws captured recently in a raid on the Casey-Cravens gang, from the county jail here late Saturday night and strung them up to trees to force them to reveal the whereabouts of their leaders and to give information regarding their crimes. The outlaws finally gave the desired information and the mob returned them to jail disappearing apparently to run down the gang.

Reed was so badly strangled that he was revived with difficulty.

The Casey-Cravens gang is one of the worst that infests this country. Recently they have committed many outrages in southern Oklahoma.

Husband and Wife Murdered.

Muscatine, Ia., Aug. 18.—The decomposed body of Mrs. Jesse Tuman was found Sunday night 100 yards away from her home near here, and her husband unconscious and with mortal wounds was found on the floor of the house, which showed signs of a desperate struggle. The couple are known to have had considerable money. The money cannot be found and a man who for two weeks made his home with the Tumans has disappeared. The missing man is said to have come from Texas. The police are looking for him.

Murdered and Cremated.

Knoxville, Aug. 18.—Watkin Newman, aged 24, was murdered, robbed and nearly cremated in his home, six miles from Jefferson City, Tenn. Watkin Newman and a brother, Isham, lived together and were well-to-do farmers. Saturday night Isham went to Talbot's station, arriving home at 11:30 o'clock. He found the house in flames and his brother Watkin lying on a bed dead. He could not rescue the body on account of the fierce fire. The man was supposed murdered and the house set on fire.

Series of Crimes in Illinois.

Murphysboro, Ill., Aug. 18.—Six persons have met violent death in Jackson county in the last week. The latest outbreak of violence was in the shooting Sunday of William Smith and his son Jacob, near Raddleville. The father was killed but his son will recover. Negroes committed the crime, which was the outcome of a game of "craps" at a negro picnic. The scene of the tragedy is two miles from where Levee Commissioner Riley was murdered in his bed last Thursday.

Electrical Storms in Iowa.

Keokuk, Ia., Aug. 18.—Another series of severe electrical and wind storms passed over southeastern Iowa doing much damage. In the last five weeks the number of barns struck by lightning near here in Illinois is over a hundred and more than that number were struck in southeastern Iowa. Northeastern Missouri has suffered the same way.

Mexican Killed by a Meteor.

San Antonio, Aug. 18.—News has reached the city that Roman Cruz, a Mexican sheep herder, was killed in Edwards county by a fragment of a meteor which struck a boulder on which he was seated and was shattered by the impact. A piece of the meteor struck him on the temple, causing instant death. Fragments of the meteor were found near the body.

Died of His Wounds.

Chicago, Aug. 18.—Frank Kroll, suspected of having been implicated in the murder of Policeman Divine and Pennell, died Sunday at St. Mary's hospital. His death resulted from lockjaw, which developed from a bullet wound in the leg. Kroll persisted in denying any knowledge of the murder of the two policemen.

Boer Generals See the King.

London, Aug. 18.—The Boer generals, Botha, DeWet and Delarey, who reached here Saturday from South Africa, left London at 9:30 Sunday morning for Cowes, Isle of Wight, to see King Edward on board the royal yacht Victoria and Albert. They were given a grand reception by the king and army and navy officials.

Held for Ed Smith's Murder.

Angleton, Tex., Aug. 18.—The nine negroes arrested on suspicion of being implicated in the murder of E. C. Smith have been given examining trials before Justice J. H. Snow and three of them have been turned loose. The other six were remanded to jail to await the cation of the grand jury.

Safe Blowers at Anderson.

Navasota, Tex., Aug. 18.—Anderson was visited by burglars Saturday night and a large safe in the store of Kenard & Brown was blown open. Fifty dollars in cash and two Winchester rifles were secured by the burglars.
